Odysseus Summer School 2025

# SCHOLARSHIPS FOR REFUGEES

#REFYOUGEES

This initiative is conceived as a response to the current asylum situation in Europe, and aims to offer a number of refugee-students the opportunity to gain knowledge in European migration and asylum law. It intends to help refugees integrate in Europe, notably by allowing them to engage with European academics and continue their studies which may have been interrupted due to forced departure from their home country.

Thanks to a [crowdfunding campaign](#), we hope to be able to fund the full participation of around ten participants holding refugee or subsidiary protection status in Europe. The funds cover registration fees and transportation costs, and accommodation for the entire duration of the Summer School.
